

Grow Yo K.I.T!

Grownups and Young People Keeping in Touch - A Workshop for Families

Based on:
*NoraLee's Adventures
on Planet Ifwee* and the
GoldStar Magic!™
Family Pen-Pal Kit™

Can you imagine turning chores into opportunities to build self-esteem, get closer together, and have fun?

Author/educator (and grandmother!) Terry Nicholetti can! And she'll show young people and grownups how in this lively interactive workshop, based on her beautifully illustrated book, *NoraLee's Adventures on Planet Ifwee*. Ten-year old NoraLee Johnson hates doing her chores. And she misses her grandparents who have just moved away. While visiting Planet Ifwee, she discovers **GoldStar Magic!™** and sees doing chores in a whole new light: as a way to feel proud, and keep in touch with her grandparents!

The workshop includes:

- A reading of *NoraLee's Adventures*, followed by a family discussion.
- A sing-a-long to a recording of the delightful, inspiring *Ifwee Song!*
- A lesson on how to put **GoldStar Magic!** into practice by becoming Family Pen-Pals™, including free samples of the Two-Way Postal Cards™
- A free cassette of *The Ifwee Song*, including a link to a download of the song.

**Call or email Terry today for information on how to schedule a Grow Yo K.I.T! Workshop for your school, church, or family-centered program. terry@goldstarmagic.com
